OPERATIONS PLAN 41-58

CHARTS AND REFERENCES

USAF JN Charts as required (1:2,000,000)

TASK ORGANIZATION

1. GENERAL SITUATION:

A requirement exists to establish a mobile photo and ELINT capability and to deploy a self supporting Task Force necessary to sustain this capability to any advanced base. This Task Force will consist of 29 personnel, one U-2 aircraft and 35,602 pounds of equipment and personnel. If airlift of fuel (LFLA) is specified, 24,300 pounds of LFLA will be required for every two missions scheduled. The office and shop facilities will be installed within the confines of the C-124 support aircraft.

a. Enemy Forces: Omitted

b. Friendly Forces:

25X6C (1) Hq USAFE will provide C-124 airlift support between 25X6C [redacted] and the Advance Base, and return to 25X6C [redacted]. This support may be augmented by the detachment support aircraft. C-124 airlift to be in place 25X6C [redacted]

25X6C [redacted] three days prior to deployment date of the Task Force. 25X6C [redacted]

2. MISSION:

25X6C

25X6C To deploy a self supporting Task Force from [redacted] to a designated Advanced Base, and launch the required sorties as directed by Project Headquarters.

3. TASKS FOR DETACHMENT SECTIONS:

- a. Operations: Provide personnel and equipment as listed in Annex "A". Fabricate necessary office facilities required to operate from the C-124 support aircraft.
- b. Materiel: Provide personnel and equipment as listed in Annex "B". Fabricate necessary shop facilities within the C-124 aircraft required to support this operation.
- c. Communications: Provide personnel and equipment as listed in Annex "C". Fabricate necessary shop facilities within the C-124 aircraft required to operate from and support the operation.
- d. Security: Provide personnel and equipment as listed in Annex "D".
- e. Medical/Personal Equipment: Provide personnel and equipment as listed in Annex "E". Fabricate necessary shop facilities within the C-124 aircraft required to support the operation.

X. GENERAL INSTRUCTIONS:

- a. This plan will become an order and be executed when directed by Headquarters Project CHALICE. Operational control of unit aircraft will be exercised by the Task Force Commander, except when engaged in operational missions. During peripheral or penetration activities, operational control is exercised by Project Headquarters CHALICE, Washington, D.C..
- b. For detailed operational instructions, see Annex "A".

4. ADMINISTRATIVE AND LOGISTICAL MATTERS:

Sufficient equipment, aircraft spares and personnel will be deployed to support one U-2 aircraft for approximately four/five
